Grants matching your search for 2012-13 *Beverage Container Recycling Grant Program (RBC24)*

Contra Costa County

Grantee: City of Brentwood

Amount Awarded: \$119,000.00

Grantee Contact: Mrs.Kelly Martinez

CalRecycle Grant manager: Wendy Box

Project Summary: The City of Brentwood will install new beverage container recycling receptacles at the City's parks, facilities, and trails. The grant funding will allow the city to purchase approximately 154 beverage container recycling receptacles and retrofit 83 of the existing garbage containers to beverage container recycling. The City of Brentwood estimates collecting 67,000 CRV beverage containers annually in areas where new beverage container recycling receptacles will be installed.

Total Awarded for County:\$119,000.00

Humboldt County

Grantee: Humboldt State University

Amount Awarded: \$76,265.00

Grantee Contact: Mr Morgan King

CalRecycle Grant manager: Lydia Hernandez

Project Summary: Humboldt State University will improve their existing beverage container recycling system by installing consistent and uniform labeling on existing recycling bins, replacing outdated signs at campus housing locations, and by installing approximately 35 sets of recycling/trash bin sets in high traffic areas. Humboldt State University estimates diverting 17 tons out of the solid waste stream.

Total Awarded for County:\$76,265.00

Kern County

Grantee: Bakersfield Association for Retarded Citizens, Inc

Amount Awarded: \$100,000.00

Grantee Contact: Mr Mike Grover

CalRecycle Grant manager: Lydia Hernandez

Project Summary: The Bakersfield Associated for Retarded Citizens, Incorporated will purchase approximately 50 recycling kiosks, 150 90-gallon carts and 1,000 seven-gallon containers to place in schools, multi-family housing, special events and large venues. The recycling kiosks and cars will be serviced by BAEC's existing business recycling services crews. Funds will also be used to subsidize operations for new customers for the first six months of their use in this new program. The Bakersfield Associated for Retarded Citizens, Incorporated estimates collecting 45,000 pounds of beverage containers by implementing this collection system.

Total Awarded for County:\$100,000.00

Los Angeles County

Grantee: City of Santa Clarita

Amount Awarded: \$120,000.00

Grantee Contact: Mr. Dale Sargent

CalRecycle Grant manager: Tharon Wright

Project Summary: The City of Santa Clarita will be installing approximately 30 Big Belly recycling systems along streets, parks, pedestrian paseos and trail systems. The grant funds will also be used to implement new beverage container recycling monitoring technology, and launch an educational campaign. The City of Santa Clarita estimates collecting 328,500 beverage containers annually in areas where new Big Belly systems will be installed.

Grantee: West Los Angeles College

Amount Awarded: \$75,000.00

Grantee Contact: Mr Bruce Hicks

CalRecycle Grant manager: Tharon Wright

Project Summary: West Los Angeles College will install approximately 300 beverage container recycling receptacles in classrooms, office areas and break areas via their `It All Adds Up!` project. The project will distribute promotional materials, work with faculty to integrate beverage container recycling into classroom instruction, and promote beverage container recycling through their intern club. The interns will use smart phone technology to track waste and recycling locations and perform waste stream analysis. The `It All Adds Up` project will also create a recycling portal on the college website for the purposes of educating student and staff on the implementation and progress of the project. West Los Angeles College hopes to achieve an estimated 80% beverage container recycling rate and a 45% reduction in sold waste.

Total Awarded for County:\$195,000.00

San Diego County

Grantee: San Diego Unified School District

Amount Awarded: \$120,000.00

Grantee Contact: Mrs Janet Whited

CalRecycle Grant manager: Shamila Tooker

Project Summary: This project will provide convenient beverage container recycling opportunities for K-12 students, teachers and administrative staff in the San Diego Unified School District. With the grant funding, the school district will provide kits that include beverage container recycling bins for fundraising capabilities, small classroom bins with wheels for beverage container collection, `cluster` systems for beverage container collection along with paper products and compostables. The kits will also include bin labels, signage, and education outreach materials to increase participation in beverage container recycling. The San Diego Unified School District estimates increasing beverage container recycling from 12 to approximately 24 tons per year and increasing campus waste diversion by and estimated 20%.

Total Awarded for County:\$120,000.00

San Luis Obispo County

Grantee: San Luis Obispo County Integrated Waste Management Authority

Amount Awarded: \$87,000.00

Grantee Contact: Mr. William Worrell

CalRecycle Grant manager: Mary Laackmann

Project Summary: The San Luis Obispo County Integrated Waste Management Authority will provide K-12 schools consistent and clearly messaged in-room and on campus recycling containers for use by students and faculty. They will also provide materials for approximately 500 in class presentations per year at local schools. The San Luis Obispo County Integrated Waste Management Authority estimates collecting an additional 10,000 beverage containers per month with these new containers.

Grantee: San Luis Obispo County Integrated Waste Management Authority

Amount Awarded: \$110,000.00

Grantee Contact: Mr. William Worrell

CalRecycle Grant manager: Mary Laackmann

Project Summary: The San Luis Obispo County Integrated Waste Management Authority will install beverage container recycling systems in the County's 16 major golf courses. These containers will be clearly marked for beverage container recycling and be serviced by the golf course facilities staff. Currently none of the golf courses in San Luis Obispo County have beverage container recycling systems in place. The San Luis Obispo County Integrated Waste Management Authority estimates collecting 700,000 beverage containers from these golf courses per year.

Total Awarded for County:\$197,000.00

Santa Barbara County

Grantee: California Department of Parks and Recreation

Amount Awarded: \$81,440.00

Grantee Contact: Mr Jim Micheaels

CalRecycle Grant manager: Lydia Hernandez

Project Summary: California Department of Parks and Recreation will purchase and install approximately 55 combination recycling/trash containers to replace single can garbage containers at the major recreation facilities of the Lake Natoma sub-unit of Folsom Lake SRA. Folsom Lake SRA is approximately 20,000 acres of land and water located in portions of Sacramento, El Dorado and Placer Counties and averages 1.5 million visitors annually. California Department of Parks and Recreation estimates collecting an additional 72,316 beverage containers per year from the Folsom Lake SRA.

Total Awarded for County:\$81,440.00

Stanislaus County

Grantee: Yosemite Community College District

Amount Awarded: \$144,183.00

Grantee Contact: Mr Tim Nesmith

CalRecycle Grant manager: Wendy Box

Project Summary: The Yosemite Community College District's campuses of Modesto Junior College East and West will implement permanent beverage container recycling programs. Grant funding will allow for the purchase of recycling bins at high traffic locations, such as the library, food areas, parking lots, sporting events, and other major facilities. In addition, a securely fenced `holding` storage area will be designated for daily pick-up and sorting of recyclables. The Yosemite Community College District estimates increasing beverage container recycling on the Modesto Junior College campuses from 920 pounds per year to an estimated 1839 pounds per year.

Total Awarded for County:\$144,183.00

Tulare County

Grantee: Pena's Disposal Inc

Amount Awarded: \$140,000.00

Grantee Contact: Mr Adrian Meza

CalRecycle Grant manager: Lydia Hernandez

Project Summary: Pena's Disposal will be replacing 1110-gallon split cans with 90-gallon blue cans in the predominately Hispanic communities of Cutler and Orosi. The new curbside recycling system will enhance existing residential and multi-family curbside programs which currently only allow 55 gallons of recyclables and have high contamination rates. Pena's Disposal estimates capturing an additional 40% more beverage container and 30% more recyclable materials with the new 90 gallon blue cans.

Total Awarded for County:\$140,000.00

Ventura County

Grantee: City of Thousand Oaks

Amount Awarded: \$202,938.00

Grantee Contact: Mr. Rod Cordova

CalRecycle Grant manager: Tharon Wright

Project Summary: The City of Thousand Oaks will implement a permanent beverage container recycling system within the Conejo Valley Unified School District's (CVUSD) 28 campuses. Waste Management (WM) has partnered in this project and agreed to provide free 3-yard recycling bins and collection at all CVUSD campuses. Grant funding will provide classroom, office and common area collection containers and equipment, and outreach materials. Grant funding will also establish a temporary part-time recycling coordinator position within the school district during the 2012-13 school year. The City of Thousand Oaks estimates collecting 375,000 beverage containers in the first year from the CVUSD.

Total Awarded for County:\$202,938.00

Yolo County

Grantee: City of West Sacramento

Amount Awarded: \$124,174.00

Grantee Contact: Ms. Paulina Rosenthal

CalRecycle Grant manager: Lydia Hernandez

Project Summary: The City of West Sacramento will implement a commercial business and restaurant beverage container recycling system that will enhance the City's already existing program. The new system is designed to help the commercial and restaurant sectors by providing clearly labeled interior collection containers, installation of specialized lockable bin lids, trilingual outreach materials, expansion/construction grants to increase space for recycling bins, and mailings and e-newsletters with program updates and tips. The City of West Sacramento estimates increasing recycling in the business and restaurant sector from 45% to 65%.

Total Awarded for County:\$124,174.00

Grant Count: 13

Grand Total for Selected Counties: \$1,500,000.00
